The Elimination of the Rural Community

The Attack on Farms and independence

Part 4

After Bundy Ranch, many asked what property rights do they have? The 15min city agenda can only be achieved by removing those in rural communities and the commodity it offers- Agriculture. The Pilot of this is Dutch Farmers who's Gov is tied to Bill Gates and Agenda 2030 to seize land by Carbon Laws

The Control of Resources

WEF and Bill Gates

Part 5

Before the draconian moves of the Dutch government, Bill Gates purchased almost 300k acres of farmland in the US, thus eliminating private ownership of this land and enforcing the Surveillance 15min city Agenda, but simply owning the land isn't enough, they must destroy the commodity...

Destroying the Supply Chain

Seizing Control through Force

Part 6

Once land is acquired by government or WEF personnel, the distribution of Food Processing must be eliminated on the independent scale to put that control into the hands of the state/or ownership, therefore existing processing plants pose a threat to this Agenda, so how do you proceed? “Accidents” of course

The Transition and destruction of Liberty

Part 8

After the Corporatization of Agriculture under threat of Pandemic, the next move is put society into Conformity, that can only be achieved through isolation for complete control under surveillance by the State and the removal of individual Rights into SMART Cities

The American Surrender

Part 10

The Bilderberg, United Nations and George H.W. Bush (and 177 other world leaders) agreed to it back in 1992... and in 1995, Bill Clinton signed Executive Order #12858 to give over sovereignty to the UN and implement Agenda 21/30, thus removing our Constitution to a foreign government

The Second Revolution

Part 12

To secure the Agenda 21/30 transition would be impossible without the aid of FEMA and its domestic containment policy including isolation camps as exercised in OP JadeHelm15 conducted by our military under Obama, this OP was conducted in order to maintain “civil” dispute on domestic land in the event of War or a Pandemic as stated

Endgame

Part 15

This thread is not fear mongering, it's literally documented by our enemy and the plans they have for us, it's a Redline of what will happen if we fail, a prophecy written long ago about the decent of Mankind. You have to ask yourself what do you stand for?

What do you fight for? That will be eternally engrained with your name for all time.

It's time to put all distractions aside and fight for sovereignty or you'll ensure your own enslavement

How will you be remembered?

Welcome to the War
